Advantage

Hyderabad

Hyderabad is a preferred destination to host Data Center Infrastructure Exhibition as it has an established tech ecosystem, strategic location, and aggressive state push for artificial intelligence and cloud computing.

Dedicated Data Centres Policy

Telangana's Data Centres Policy attracts investments through incentives, infrastructure support, and streamlined approvals.

Established Tech Ecosystem:

Over three decades of technology growth have turned Hyderabad into a powerhouse for IT, AI, and cloud services.

Skilled Talent Pool:

The city hosts hundreds of Global Capability Centres (GCCs) and possesses a massive workforce trained in digital infrastructure and engineering.

Proactive Government Policy:

The Telangana government aims to build 5 GW of data center capacity and attract USD 30 billion in investments by 2029, offering robust policy support.

Fewer Constraints:

Compared to older hubs like Chennai or Mumbai, Hyderabad offers fewer land and power limitations, attracting major hyperscalers.

Sustainable Infrastructure Plans:

State initiatives focus on providing AI-ready infrastructure, green power, and recycled grey water to support resource-intensive facilities.

A Growing Data Center Market

Hyderabad is fast emerging as a key hub for data center infrastructure, driven by cloud adoption, digital transformation and AI.

17 Data Center Operators

In Hyderabad (with 26 facilities).

149 MW Live Capacity

With 158 MW under construction (DC Atlas)

5 GW Target Capacity

By 2029 (Telangana Government)

Data Centre Companies nexus in Hyderabad

DATA CENTER INFRA SHOW

6 7 May 2027

HITEX Exhibition Centre
Hyderabad

Your gateway to setting up
Data Center Facility

As artificial intelligence, hyperscale computing, and cloud-native workloads redefine the boundaries of digital infrastructure, India is emerging as one of the world's fastest-growing data center markets and Hyderabad is at the heart of that transformation.

The Datacenter Infra Show brings together the region's most influential community of data center operators, hyperscalers, colocation providers, system integrators, MEP consultants, and technology innovators under one roof for two days of high-impact dialogue, networking and discovery.

As India's economy digitizes at unprecedented speed, the demand for reliable, scalable, and secure data infrastructure has moved from a technology requirement to a business imperative. Enterprises can no longer treat data centers as back-end utilities; they are now core to business continuity, customer experience, regulatory compliance, and competitive advantage.

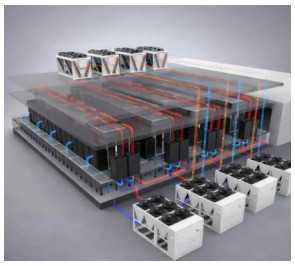

Show **Highlights**

175+
Exhibitors

1200+
Products on Display

Expert sessions on AI infrastructure

8000+
Visitors

Visitor **Profile:**

- Hyperscalers & Cloud Providers
- Colocation & Wholesale Providers
- Builders & Developers
- Architects & Contractors
- Managed Hosting/cloud Service Providers
- Edge & Micro Data Center Operators
- Enterprise End Users
- Telecom & ISPs
- Government & Public Sector
- AI/HPC & GPU Cloud Companies
- Design, Build & Technical Partners
- Channel Partners
- Investors & Real Estate

Join India's 1st
B2B Data Centre Infra Expo

www.datacenterinfrashow.com

Exhibitor **Profile:**

Hardware / IT Infrastructure

- Servers
- Storage systems
- Networking equipment
- Cabling & connectivity
- Racks & enclosures
- Compute accelerators

Mechanical Infrastructure

- Cooling units
- Chillers & cooling towers
- Liquid cooling
- In-row/rack cooling
- Free cooling systems
- Airflow management
- Heat recovery
- HVAC

Power Management

- UPS systems
- Backup generators
- Switchgear
- Power distribution
- Transfer switches
- Transformers
- Energy storage
- Surge & lightning protection

Physical security

- Access control
- Surveillance
- Fire detection & suppression
- Environmental monitoring

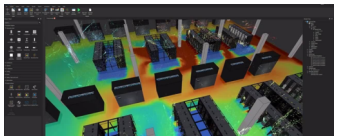

General Construction

- Building shells
- Raised access flooring
- Fire-rated structures
- Ceilings & partitions
- Site works
- Insulation & sealing

Services

- Design & engineering
- EPC/turnkey construction
- Project management
- Compliance & certification
- Facility management
- Managed/colocation services
- Staffing & training
- Consulting

Software

- DCIM (Data Center Infrastructure Management)
- BMS/EPMS/SCADA
- Monitoring & analytics
- AIOps software
- Digital twin & simulation
- Automation & orchestration
- Energy management software

Driving businesses into the future

FUTURE MARKET EVENTS

We empower individuals, communities and companies to grow business, foster collaboration and enable them to discover emerging opportunities. Guided by our mission of 'driving businesses into the future', we organise trade shows and conferences that shape industries and accelerate growth.

Our culture is rooted in our core values of being Progressive, Agile, Resilient & Collaborative (PARC). We believe in the power of innovation to transform industries, value face-to-face networking and keep our customers at the heart of everything we do.

We are Future Market Events.

Our Portfolio of Events

ALL INDIA COLD CHAIN EXPO | AUTO AFTERMARKET SHOW | AUTO COMPONENTS SHOW | CORRVISION EXPO | Cosmetics Ingredients Expo | COSPACK COSMETIC PACKAGING EXPO | e-commerce logistics expo | DATA CENTER INFRA SHOW

EV COMPONENTS SHOW | FACTORY AUTOMATION expo | FOODVISION expo | Homecare Ingredients Expo | INDIA FASTENER SHOW | INDIA CHEMICAL SHOW | iDM INDIA DIE & MOULD SHOW | INDIA PRODUCTION TECHNOLOGY WEEK

INDIA WELDING TECHNOLOGY SHOW | INTRALOGISTICS & WAREHOUSING EXPO | Lubricant Technology Show | Luggage & Bag MANUFACTURING SHOW | MACHINE TOOLS & CUTTING FAIR | MATERIAL HANDLING EXPO | METAL FORMING EXPO | PackVision Expo

pharma SUPPLY CHAIN EXPO | PHARMA API & EXCIPIENTS SHOW | PHARMA MACHINERY & PACKAGING SHOW | PROCESS AUTOMATION EXPO | SURFACE COATING Show
